Comfortable Operator Console

Large High Efficiency Dust Filtration

High Ground Clearance

- Vacuum Assisted High Productivity Sweeping
- Battery, Petrol, LPG & Hybrid Models Available
- Hybrid Power Option includes Petrol, LPG and Battery, all in the one machine
- Heavy Duty Modern Industrial Design

The PowerSweep PS120H Ride-On Sweeper is the result of extensive research and development into the combination of debris sweeping and dust filtration technology: the unique height and angle of the filtration airflow chamber combined with the electric filter shaker provides superior dust filtration performance. The PowerSweep PS120H is an innovative machine which has set the benchmark for vacuum sweeping technology. Featuring a hydraulic high-dump hopper combined with a large 4 sq mt dust filtration system, electric filter shaker and high ground clearance, the PS120H is ideal for most medium size applications.
