## PS90 WALK-BEHIND SWEEPER

Simple Easy To Use Controls

Large Hopper Filtration for dust

Large Capacity Debris Hopper

- Vacuum Assisted High Productivity Sweeping
- Large Filtration for Dust Free Sweeping
- Heavy Duty Modern Industrial Design
- Twin Side Brushes for Higher Productivity
- Large Wheels for Maximum Ground Clearance
- Battery & Petrol Models Available

The PowerSweep PS90 Walk-Behind Sweeper is the result of extensive research and development into the combining of debris sweeping and dust filtration technology. The unique height and angle of the filtration airflow chamber combined with the electric filter shaker provides superior dust filtration performance. The PowerSweep PS90 is an innovative machine that has resulted in the PS90 being the industry benchmark. Available in Battery & Petrol power options, the PowerSweep PS90 is a Heavy-Duty, compact, simple-to-use sweeper that is well-suited to warehousing, manufacturing, retail, car parks, pathways, internal and external use, and all applications that require high-productivity dust-free sweeping.
